On 04 OCT, 2010 at approximately 1815 I was dispatched to the NAVSTA Newport Police station (BLDG 1373) to pick up the patrol camera and take it to Craven St., in reference to the above incident.

Upon arrival I gave the patrol camera to (b) (6) and assisted (b) (6) with the two males who were being held in custody for investigation. I removed one of the suspects and placed him in my vehicle due to (b) (6) vehicle not containing a prisoner cage.

(b) (6) the find I inventoried the contents of (b) (6) the vehicle and checked it for any damage, then Ray's Towing arrived on scene to remove the vehicle from the area.

While waiting for Ray's Towing I drove over to the Melville Elementary School to write down any registration plates parked on school property and do a quick visible check of the school for any gunshot damage. As I was driving through the playground lot a school janitor came outside. The unidentified male employee stated that most teachers stay in the school until approximately 1930 and he works until 2100. After conducting a brief check of the area all appeared to be in order. The only vehicles parked at the Melville Elementary School were RI Reg. 77391 (Commercial) and QR-147.

After returning to Craven St., (b) (6) and I transported (b) (6) BLDG 1373 for processing. Upon arrival at BLDG 1373(b) (7)(C) was turned over to (b) (6) in the Report Writing Room and I assisted (b) (6) with processing (b) (6) (6)
